## Behind all Business

activities the Bank Account looms up as the guiding light to prosperity. This does not mean that all one need do to attain success is to open a bank account. Of course, a check book is a mighty handy thing and is absolutely necessary in every well ordered business. But it is the privilege and prestige which come with a bank account that are the important factors for the ambitious business man.

Your business respectfully solicited.

### The Fourth at Johnson

The only big celebration, in this vicinity, will be at Johnson this year where a live set of men are going to put on a real old fashioned Fourth of July celebration, such as has always stirred the red blood of real Vermonters.

Make your plans to go and help make this celebration a big success. More than ever before, we need to keep up such celebrations as they inculcate patriotism and keep alive the home fires on the altars of patriotism, and liberty now seriously threatened by foreign agitators, who neither know, appreciate, nor desire to sustain the traditions of this day. Let us make this an old fashioned celebration.

#### Death of Mrs. Mina Whittemore

News received of the recent death of Mrs. Mina (Atwell) Whittemore in Orleans brings more than a passing thought to friends in this vicinity. It will be remembered by the many other helpers that when we were raising the Johnson Plot cemetery fund, Mrs. Whittemore, who lived at that time in Clinton, Mass., contributed \$50 toward the fund, of her own hard earnings, before her marriage, the largest single contribution received. Also, that soon after, she had the old grave stones removed and a new monument and markers set at the graves of her father, William O. Atwell, better known as Cummings Atwell; his first wife (not her mother) and two infant children. Mina Atwell was born and brought up in this town, but for many years had lived in Massachusetts. Having buried her husband and having no other living relatives there, and being in poor health, she settled her affairs there and came to northern Vermont, stopping with a relative in Orleans, where she passed away a few days ago at the age of 65 years. The remains were taken to Lancaster, Mass., for interment by the side of her husband, and also her mother, who was buried there. Truly we have reason to remember her kindly.

## How did your neighbor's last bargain tire turn out

**P**ROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find. He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade you into a larger profit for himself.
